

Dream House Project

This Paint project includes at least two (2) Paint images and one (1) Word doc. You will design and create the elevation and floor plan of your dream house. This project should be portfolio worthy and professional.

Think through not only what you want in your house but also what you will need. Think about how it would be to live in your house. When designing the elevation of your house, think about what style you would like, how many floors. What would make the ideal “Dream House” to live in? Be creative!

Project is due by end of class on:

PROJECT REQUIREMENTS: All Parts of this projects should be saved in a new folder in your Documents: **Dream House**

Paint Elevation Diagram - (outside)

- Create and save in your folder as - **DREAM HOUSE ELEVATION**
- You will be graded for neatness
- Include in your design the following:
 - Your full name
 - Design title
 - 3D Design
 - Windows
 - Doors
 - Roof lines
 - Landscaping (trees, grass, fences, pool, ocean, mountains, etc.)
 - Texture and detail (not just flat colors)
 - Color is a must, and it must be neat.

Paint Floor Plan Diagram – (inside)

- Create and save in your folder as - **DREAM HOUSE FLOOR PLAN**
- Design and label a minimum of the following:
 - Your full name
 - Design title
 - 1D design of house (must draw each floor level)
 - Kitchen (including counters, cabinets, sink, stove, and fridge)
 - Living room (include layout of basic furniture)
 - 2+ Bathroom (must include toilet, sink, tub/shower)
 - 3+ Bedrooms (include room layout of bed and closet)
 - Windows
 - Doors
 - Label additional rooms

Have fun and be creative! This is a DREAM house, after all. Things to consider: fireplace, pantry, theater, game room, aquarium, gym, library, music room, recording or art studio, bowling alley, a pool, an elevator, green house, basketball court, a tower, etc.

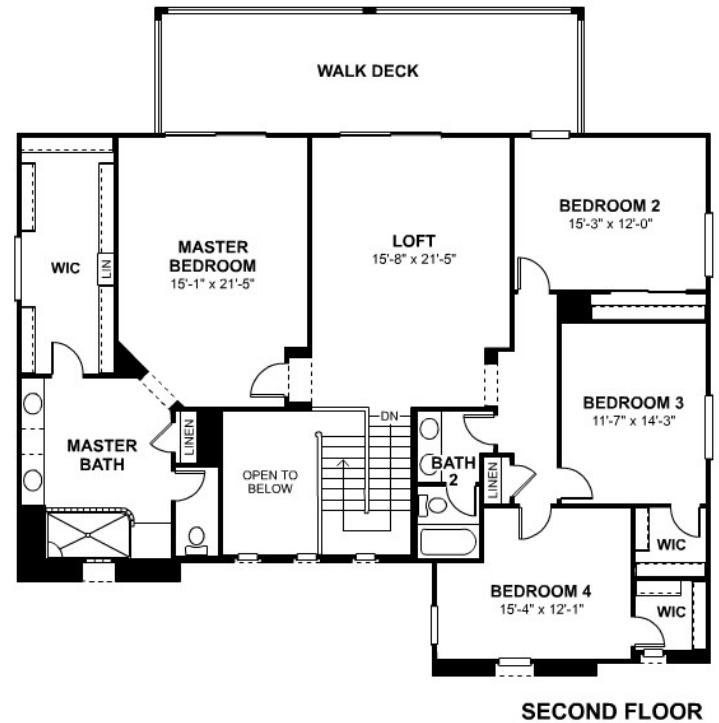

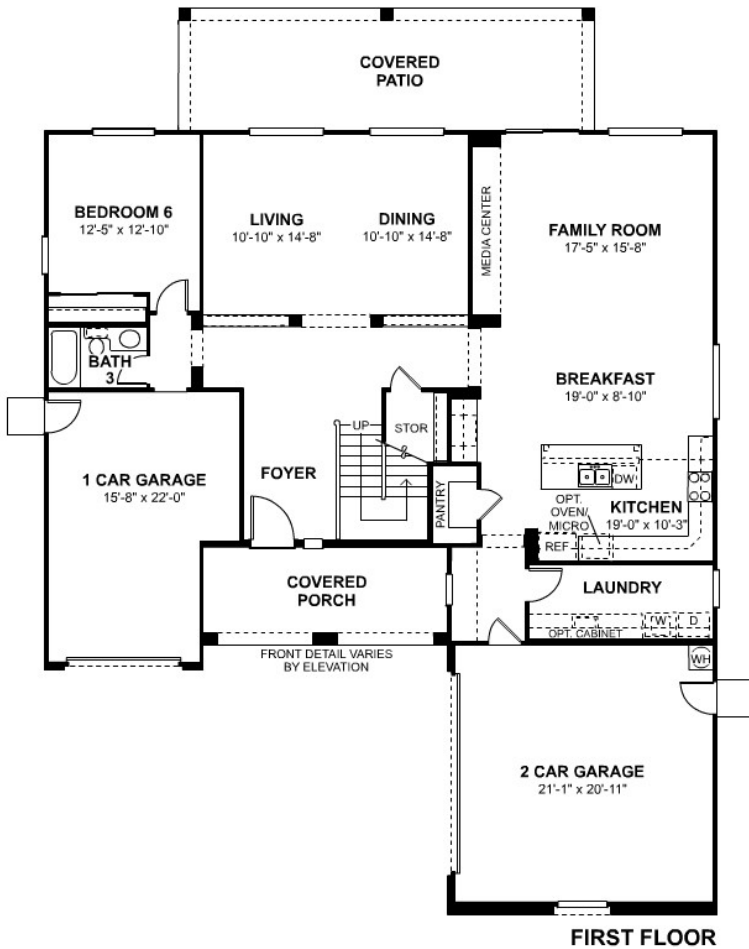

Word Document

- Create and save in your folder as - DREAM HOUSE FLYER
- Formatting:
 - MLA Format
 - 1 inch margins
 - Black Times New Roman
 - 12 point font
 - Include Header and Heading
- **Page One** Dream House Flyer:
 - Write a 1 paragraph description (advertisement) of your house including the number of rooms and amenities on each floor.
 - One column
 - Dream House Design Title
 - Left alignment
 - Insert picture of your elevation (below text, centered)
 - Insert Page break
- **Page Two** Features & Upgrades:
 - “Features & Upgrades” heading centered
 - Insert Continuous Break
 - Two columns
 - Subheadings for the two columns, “Standard” and “Available Upgrades”
 - 7 bullets minimum for “Standard” and 7 bullets minimum for “Available Upgrades”
 - Left alignment for both columns
 - Insert Continuous Break
 - One Column
 - Insert picture of your floor plan(s) (below text, centered)

Make it look professional!

Consider adding: bullets, page borders, contact and community information, etc.
